### About This Game

Born in the comics and tabletop RPG adventures, Holy Avenger combines Beat'em Up and Hack and Slash in the pursuit of Ruby of Virtue, the most desired item in the world of Arton.

#### **In this version:**

Play with the four main characters at the same time alternating them and living an adventure in a famous series and award-winning Brazilian comics series, scripted by Marcelo Cassaro (Monica Young's Class) and illustrated by Erica Awano Warcraft), with origins in the national Tormenta RPG scenario.

#### **Future versions/updates and final version:**

Play with up to four players (local multiplayer) with all our heroes and try others game modes to test your skills to complete the trials.

The alpha version looks pretty cool! Though it still lacks most advanced functionalities of a complete hack'n'slash, it looks beautiful, and I can barely wait to see (and play) the game in its fullness! While that's still in the future, I'll enjoy what's already there :D

-----

A versão Alpha está muito boa! Embora ainda sem tantas funcionalidades, o jogo está lindo, e mal posso esperar para ver a versão completa! Enquanto isso, fico curioso o que tem :D. Sincerely I have opened the game just to quickly try it. On forum people are complaining its still bugged and barely playable.

I bought it on Early Access to support its development, I'm not in a hurry to play it. I knew the risks and accepted them. The issues aren't the reason I'm negging it. It's because they released the game out of Early Access in its current state.

-----

Pra ser sincero, eu abri o game pra dar uma olhadinha. No forum tem gente reportando q ele ainda tá bugado e mal dá pra jogar.

Eu comprei ele no Early Access pra dar suporte ao desenvolvimento, num tenho pressa pra jogar e nem gosto de ser beta tester de graça. Eu sabia do risco de fazer a compra e aceitei esses riscos.

Num por causa dos bugs q negativando o game. resolvi fazer o review negativo pq tiraram ele do Early Access após meses sem update nenhum e sem finalizar ele.

Jogo o game e mudo o review se tomar conhecimento q finalizaram ele.. O jogo vai fazer um ano e não teve NENHUMA mudança desde então.. Incompleto e quebrado
